

Lignaverda Sports Challenge

For every kilometer
you walk, run, cycle or swim
we grow a tree in Africa

 iOS  Google Play

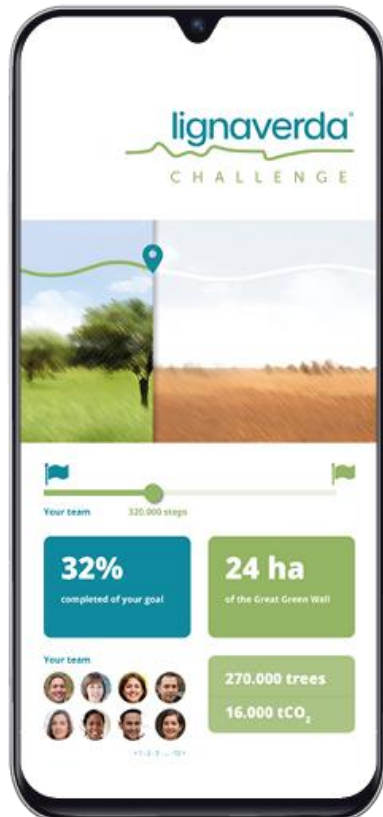

How

it works for you

App onboarding

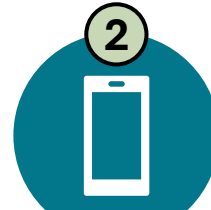

1

Get a code

You send an email to your employees with your specific company code

2

Download app

Employees download the Lignaverda mobile app on iOS or Android-device

3

Create account

They create an account and insert the company code

4

Profile info

Now they can join the challenge and complete their profile

5

App synchronisation

They synchronize their favorite app to track their sports efforts

6

Let's move!

When the challenge begins, they will see their personal and team progress

Sports synchronisation

Google Fit | an all-round app that only iOS-users can use to register all type of activities

Apple Health | an all-round app that only iOS-users can use to register all type of activities

Fitbit | an all-round app to register daily steps and all type of activities

Garmin | also an all-round app to register daily steps and all type of activities

Strava | an app that does not count daily steps but is mostly used for all types of activities

Pacer | an app that is mainly used for registering daily steps

Runkeeper | an app that does not count daily steps but focuses on all type of activities

START 2 RUN

Start 2 Run | a dedicated running app

Other apps (eg. Polar, Zwift) don't connect directly with KeepMoving but can be connected with Strava or Garmin. Afterwards Strava and Garmin can be connected with KeepMoving.

Volunteering as a sport

New!

AMNESTY
INTERNATIONAL

GREENPEACE

unicef

KU LEUVEN

TOEKOMST
ATELIER
DE L'AVENIR

CHU Saint-Pierre
UMC Sint-Pieter

For every hour you **volunteer...**

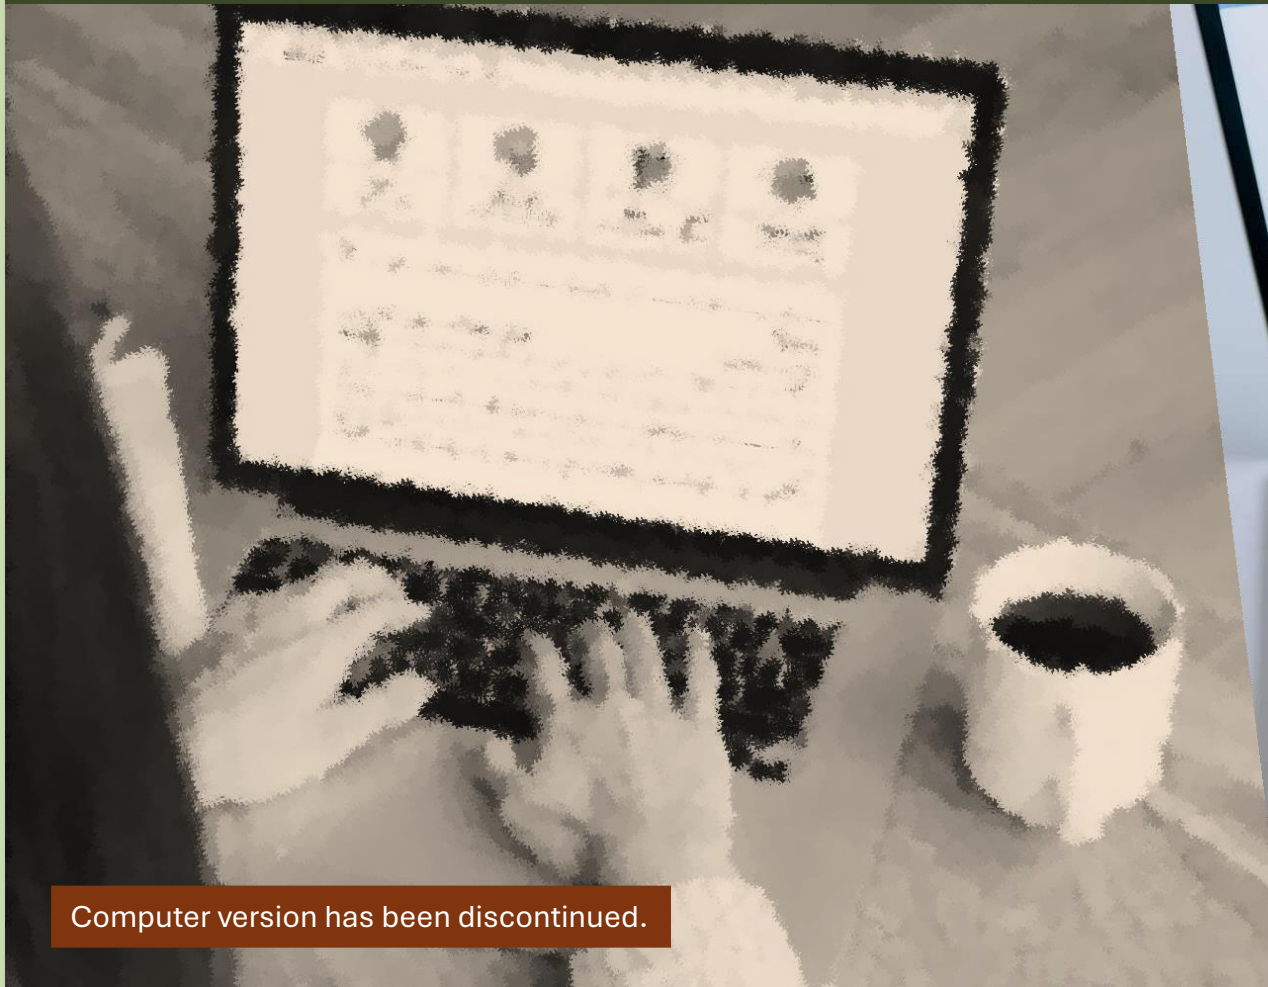

... you get the equivalent of **10km of running**

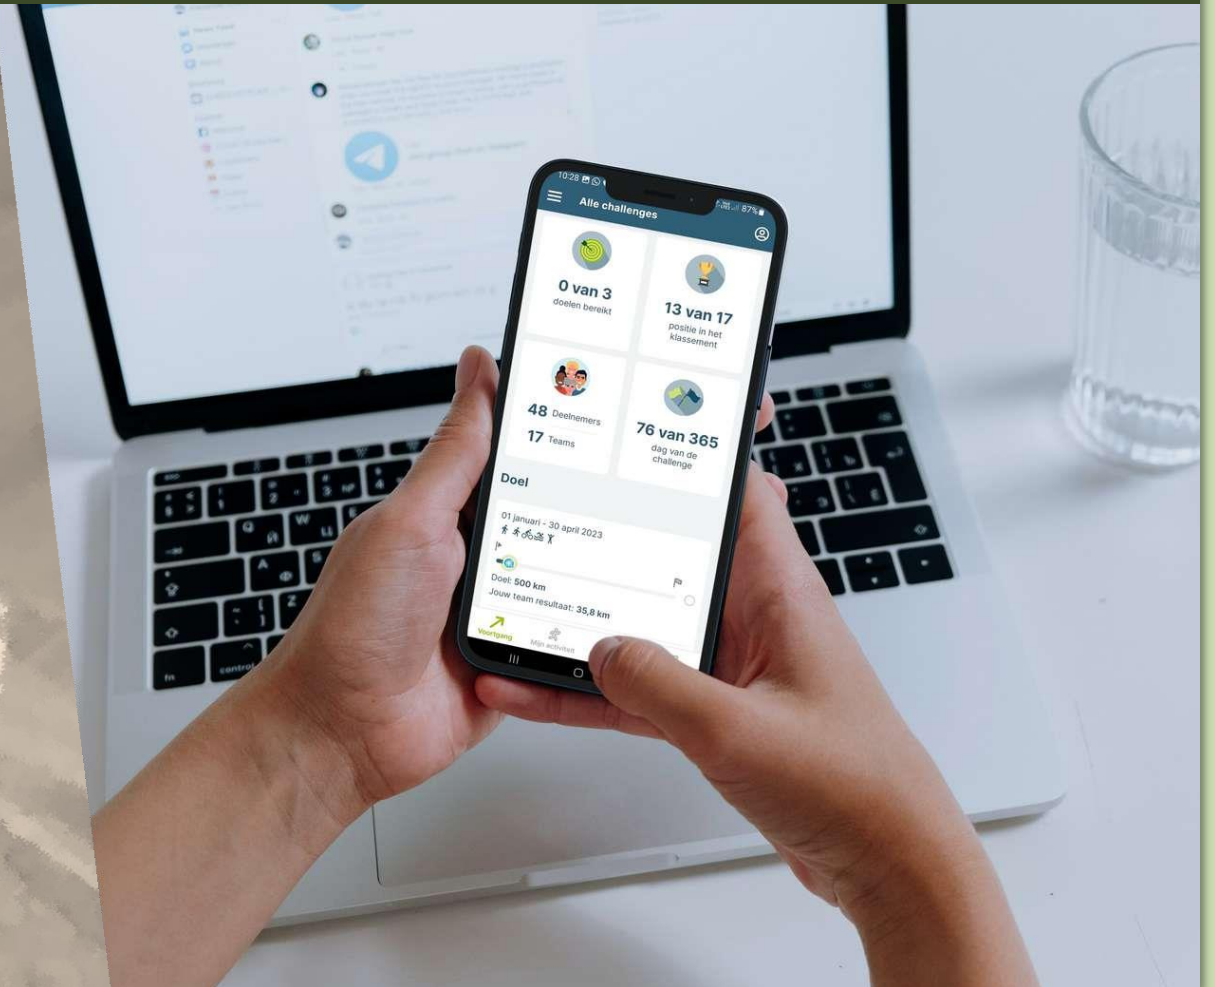

*"... In that way, the challenge is **fully inclusive** and does not let anyone on the side ..."*

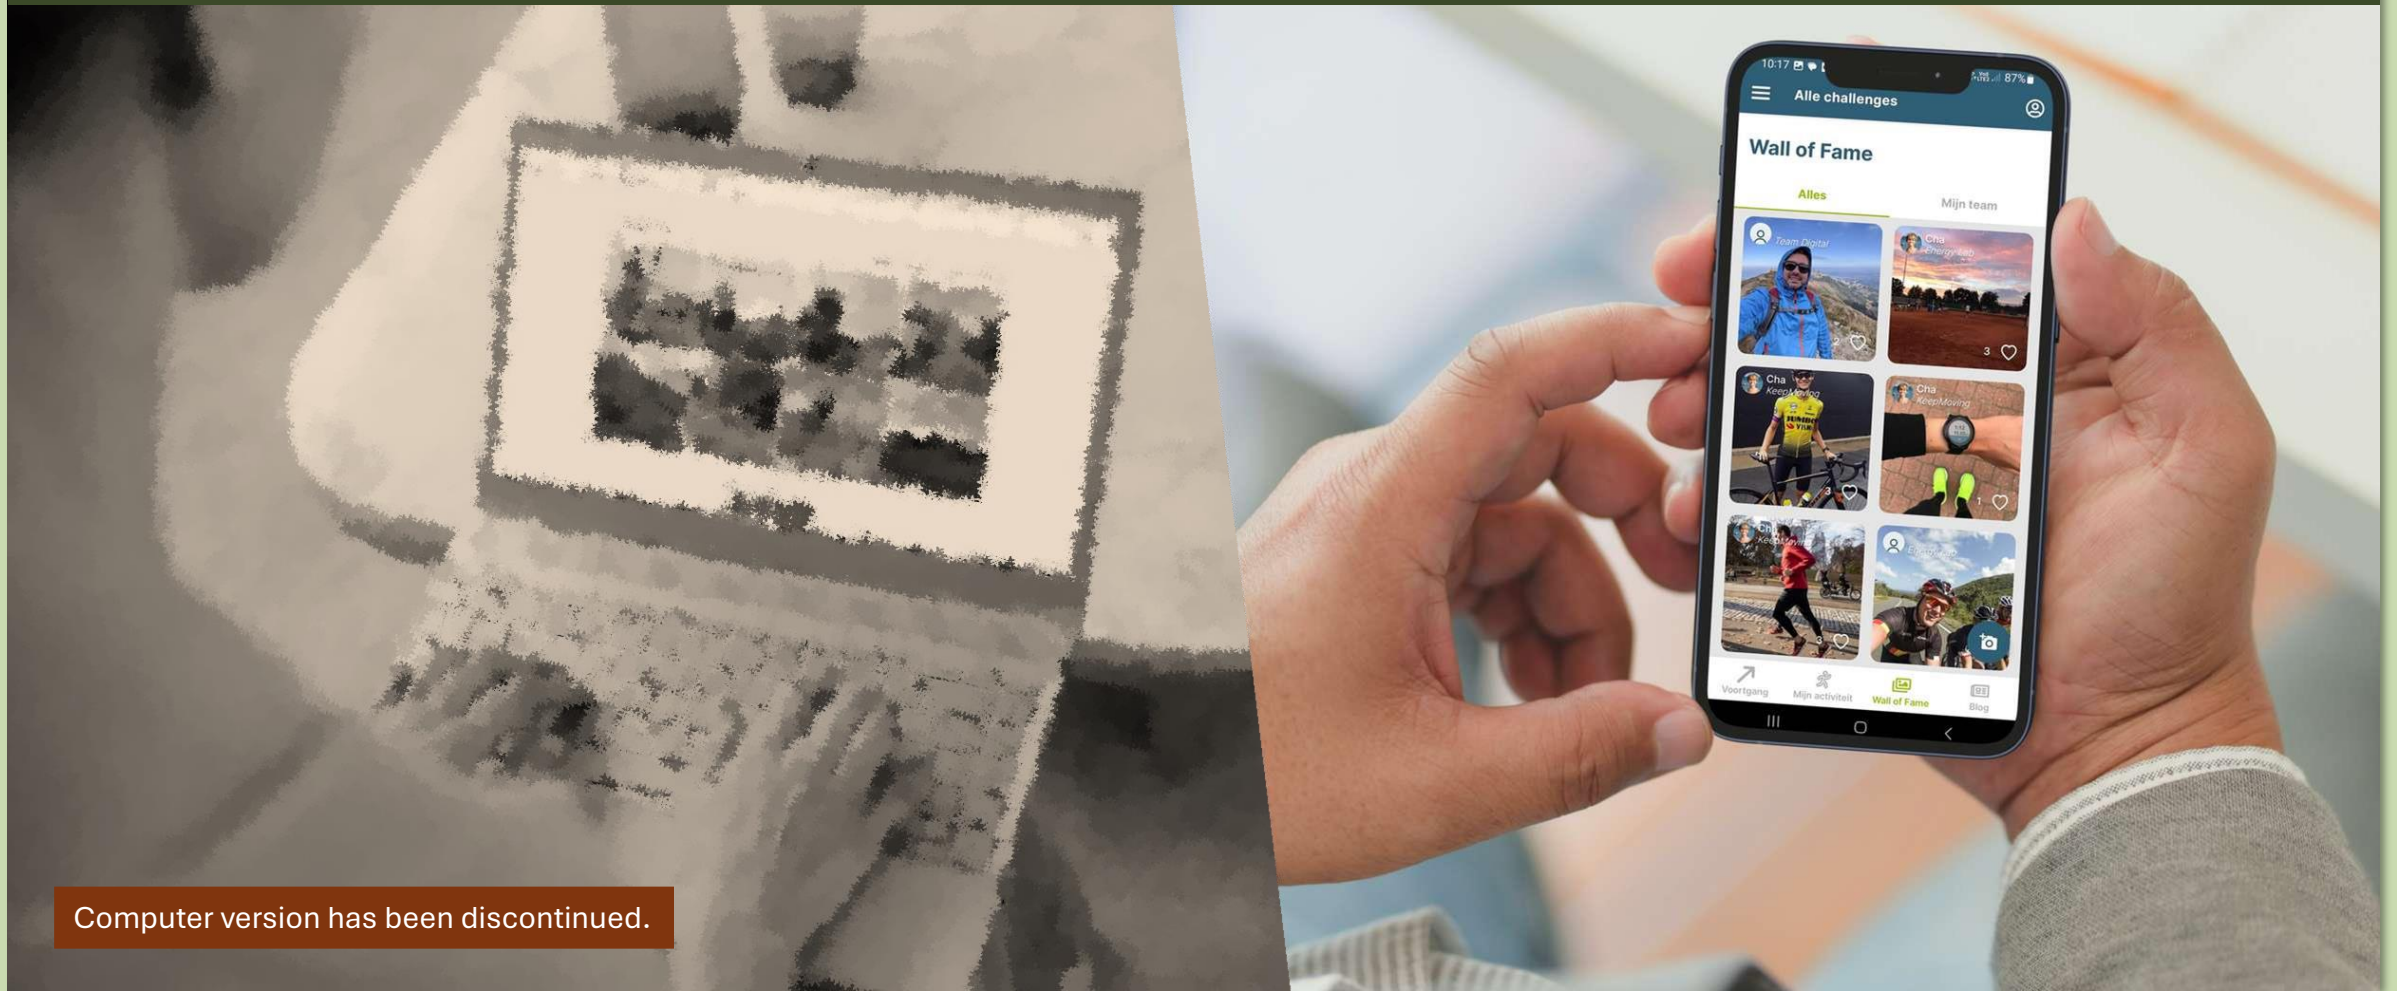

You can... follow your progress

Computer version has been discontinued.

 You can... post pictures

GDPR

legislation

How we deal with GDPR

About GDPR (see our Privacy Policy for more details)

Lignaverda undertakes to respect the privacy of all its users, in accordance with the GDPR and the applicable legislation on the protection of personal data, in particular the law of July 30, 2018, relating to the protection of individuals with regard to the processing of personal data.

This means:

- Users are asked to fill in a nickname that will be shown in the leaderboard and team members' overview
- We cannot share personal data of a non-anonymized user with you (e.g. email of the user)
- The report you will receive afterwards will always be on an aggregated level
